Portfolio: https://acampbell8610.github.io/react-portfolio/

Full-stack developer with a background of security technologies for school systems. Currently earning a certificate in full stack development from University of Central Florida's Coding Bootcamp, with newly developed skills in JavaScript, CSS, React.js,OOP, SQL, Express.js, Handlebars.js and responsive web design. I have a passion for solving problems and creating organized code for future development. With each project, my aim is to become a more proficient developer. I'm excited to leverage my skills as part of a fast-paced, quality-driven team to build better experiences.

TECHNICAL SKILLS

Frontend: HTML5, CSS, JQuery, Javascript, Bootstrap, AJAX, Tailwind, Webpack, React, PWA, Webpack
Backend: MySQL,Express, Node, Handlebars, Sequalize, Jest, Inquirer, Moongo.DB, Mongoose, Service Worker
